- B2B and B2C Transactions
- Investing

What to Look For When Choosing a FinTech Specialized Programme

Advantages of a great MBA curriculum in FinTech

✓ LIVE QUANTATIVE MODELS

Thanks to our recruiting partners, Alliance students get the best exposure on the latest quantitative models and data sets.

✓ SIMULATED PRACTICAL LEARNING

Alliance students gain first-hand exposure of what it means to work in synergy with colleagues like wealth managers, coding specialists and even computer engineers.

✓ BETA TESTING NEW

Alliance MBA in FinTech will help you master AI tools and real-time market analytics, to deliver impact from Day 1.

Disadvantages faced when MBA Pedagogy is Outdated

✗ OUTDATED CURRICULUM THAT MAKES YOU UNEMPLOYABLE

Most B-Schools and their faculty haven't upgraded and are still teaching finance the old way.

✗ STILL STUCK IN THE PAST

Employers in 2026 don't care about theoretical case studies. You will fail to meet employer expectations from Day 1.

✗ UNABLE TO MEET EMPLOYER EXPECTATIONS

An outdated MBA will not equip you to understand AI tools, real-time market analytics.
